Enrich Professional Services

A major complication for any entrepreneur in today's world is the problem of navigating the involved and complex compliance laws and industry guidelines of our country, especially with regards to the DGFT (EXIM) connection and subsidies. No matter, what the business, Confusion about compliance, obtaining licenses, meeting eligibility requirements for industry subsidies, and so on. Even if you are right, the challenge is always to find the right ways to get the job done.

Enrich Professional Services understand the complication you face with regard to these activities with our professional services specifically designed to link **DGFT Liaisoning (EXIM)** and **Industrial Subsidies**. We focus on delivering significant results for our clients, based on a proven methodology and solid experience, but of course that only works because we are closely connected with your business, taking the time to understand your priorities, apply our experience and transfer skills within your own organization.

Our only goal is to use our knowledge to breathe life into your business. In every business today, there is a set of imperatives at work. For businesses to grow, they need to operate as efficiently as possible, and for that, they must make the best use of information if you want to stay competitive in their markets and use applicable laws, rules, and regulations in place to assist them.

This is where we from **Enrich Professional Services** come into play by informing you about the various possibilities of documentation, application preparation, interaction, and coordination with different authorities in order to achieve your goal, we do everything from a single source.

*After all,
we are here to enrich your business.*

Flexible and Reliable Service

Our many years of experience in the industry and a deep understanding of how it works give us the ability and flexibility to offer timely and reliable services that, combined with our competence and experience, enable us to cope with even the most complex situations with ease.

How We Work

Given below is an outline of our workflow for helping you understand our process better:

DGFT Liaisoning (EXIM)

One of the greatest challenges for exporters and importers has always been dealing with the limits and other permits to be obtained from the DGFT office, the associated paperwork and the complex paths that must be followed.

Enrich is a recognized Export-Import Licensing Consultant who offers effective advice on DGFT related issues both in the import and export of goods (Cargo) of all kinds. Our services, which are not only reputed but legally appropriate in every way, make us a name to reckon with in this domain.

Our experts have been in the business of advising and facilitating export-import licenses for the past several years. They have offered their expertise in DGFT and Customs related matters to innumerable clients. This helps us act as a mediator between exporter/importer and the government. Our excellent track record in the fields of **foreign trade policies, litigation, disputes, and regulatory services** enables us to solve client queries seamlessly.

Industrial Subsidies

Funding is a major challenge for every entrepreneur. The government promotes certain industries through financial support in subsidy mode to establish their initial setup. These subsidies are of various types and are offered by organizations such as **MOFPI, NABARD, NHB, NHM, TSFPS, MSME NSC, APEDA**, and etc.

However, not all subsidies are same, some are aimed at SMEs, others at MSMEs, some are for specific segments and not only that, but each subsidy also has its own required permits, application forms and the typical establishment that is the hallmark of bureaucracy.

We operate in the following industries:

Ministries / Departments	Subsidy Schemes
MOFPI - Pradhan Mantri Kisan SAMPADA Yojana	Mega Food Park
	Creation/Expansion of Food Processing & Preservation Capacities (CEFPPC) (Unit Scheme)
	Agro Processing Cluster
	Cold Chain
	Operation Greens
	Creation of Backward and Forward Linkages
	Setting-up/Up-gradation of Food Testing Laboratories
National Horticulture Board / National Horticulture Mission	Capital Investment subsidy scheme for construction/ expansion/ modernization of cold storage and storages for Horticulture Produce
	Commercial Horticulture Development in open field conditions on project mode
	Commercial Horticulture Development in protected cover on project mode
	Integrated Post Harvest Management projects
	CLUSTER DEVELOPMENT PROGRAMME
Telangana State Food Processing Policy	Telangana State - Food Processing and Preservation Policy (T-FAPP) 2021
AIF - Interest Subvention	Agriculture Infrastructure Fund (AIF)
MSME – CLCSS	Credit Linked Capital Subsidy & Technology Upgradation scheme (CLCSS)
Nabard - Subsidies	New Agricultural Marketing Infrastructure scheme for Rural Godowns / Warehouse & Primary Processing units
	National Livestock Mission (Poultry Venture Capital Fund Scheme)
National Seed Corporation - Seed Processing units	Central Sector Scheme on Assistance for Boosting Seed Production in Private Sector
APEDA - Financial assistance	Financial Assistance scheme

However, our year of experience explores, we are perfectly able to offer solutions for various other requirements that are not listed here. Our experience in this niche has given us the necessary expertise to navigate these waters and that capacity skill will benefit you if you choose to work with us.

Quality Policy

The great inventor, Henry Ford had once famously said- "Quality is never an accident; it is always the result of high intention, sincere effort, intelligent direction and skillful execution; it represents the wise choice of many alternatives."

These are words which we, at Enrich Professional Services, strive to embody every single time. We believe that unless a genuine commitment is made and continuous efforts focused towards it, consistent quality cannot be achieved. This is why our quality policy is outlined as follows:

- Imbibing the ideologies and criticality of the customer's business to enable us to take decisions that represent the client's best interests.
- Bringing together a team that puts the interest of the customer and adherence to policy above all else.
- Sticking rigorously to the processes and workflows developed by the organization to ensure that unnecessary iterations and aberrations are reduced, since every service needs to be delivered on time and free of errors.
- Adapting to new government policies and changes in market trends in a timely manner to ensure that quality of service remains unmatched every single time- no matter the situation.

These policies above are a simple embodiment of our core ethos that is, providing the best possible services to our clients, day after day. It is our commitment to our customers, our team, and our passion and drive towards being the best in the industry that shapes our processes.

Hence, we, at Enrich Professional Services pledge to adhere to our quality policy, comply with the word of law and assist our clients in any way possible.
